

# LIVE TRANSFER DEBT LEADS SCRIPT USED

Hello \_\_\_\_\_ this is \_\_\_\_\_ from XYZ.

How are you today?

Excellent, my company is contacting you because we received information indicating you were looking to get assistance with your unsecured debt. Is this correct? (if yes)

Our company can not only cut your monthly payments and debt in half but you can be completely debt free in 24 to 36 months. How much do you have in credit cards or unsecured debt?

I would like to clarify; we exclude car, mortgage loans as well as Federal credit union, student loans and military accounts. And when we say unsecured that means anything that is not tied to collateral like a mortgage or car loan. Given those criteria what is your total unsecured debt?

Great, are you presently employed then?

What are your current monthly earnings?

You are not currently in a bankruptcy?

Can you afford to pay 2 % of the total debt on a monthly basis?

Do you have a valid checking over savings account?

Are you currently in a debt program now? (if no?)

On average we are able to settle your unsecured debt at 40-50 cents on the dollar and have you debt free in 24-36 months. Would you like for me to transfer you to one of our Debt Specialists who can put together a proposal for you today?

Hold on for one minute while I get the specialist on the line...
